Issue #30

Dear Members of the Manufacturing Industry,

Malaysia Extends Movement Control Order (MCO)

Malaysia has decided to further extend the movement control order (MCO) by another 14 days until Apr 28.

Prime Minister Muhyiddin Yassin said in a live address on Friday (Apr 10) that based on advice from the Health Ministry and medical specialists, the extension of the MCO was to give space for medical personnel to combat the spread of COVID-19 and prevent its re-emergence in the community.

Temporary Employment Opportunities with ResMed

Due to the increase in demand devices critical to the response to COVID-19, ResMed is currently experiencing a persisting workforce gap of around 130 to 150 people needed to increase capacity for the production of such devices.

ResMed

- Total of 130 to 150 production operators across all factories (LSR, Machine, Motor, Mask and Accessories);
- 3 Month contract with the option for a further 3-month extension;
- ResMed will provide each trainee with a comprehensive training program to ensure they have the skills to meet their stringent safety, quality and throughput targets. They are very interested in candidates with relevant experience (molding, electro-mechanical assembly, GMP etc) that can hit the ground running and fast track the training program;
